newton-metallo.com

- Floor Mounted/Vertical Upright Unit Ventilators packaged/split/CW/WSHP
- Ductless Ceiling Mini-Split Cassettes-DX, Heat Pump, and Chilled Water
- Unit Heaters- Hot Water, Steam
- Cabinet unit heaters

- Custom AHU (packaged available)
- Frame & Panel support structure
- Indoor/Outdoor
- Aluminum construction
- 2", 3", & 4" panels
- NO thru metal construction
- Representation in both NYC and NJ

- AHRI Certified
- 500 - 4000 cfm
- High Latent Energy recovery
- Indoor/Outdoor units
- Non Freezeable core down to -30°F
- ECM fans
- 10 year core warranty

- Industrial and Process Dehumidifiers
- Indoor or Outdoor units
- 100% OA systems including heat pumps
- Commercial Natatoriums, Libraries, Archived Storage
- Capacities from 650 - 14,000 cfm
- NYC, NJ, & Philadelphia representation

- Indoor/Outdoor Energy Recovery Ventilators (120 to 13,000 CFM)
- Energy Recovery wheels/CORE
- Cooling DX/CW
- Post Heating Electric/Gas/HW

- Chemical Free/Sustainable Water Treatment
- Environmentally friendly/LEED points

- Packaged Terminal Air Conditioning
- Cooling/Heat Pump w/Electric Heat
- Indoor Vertical Packaged Units - Ducted (used in Condos, Hotels, etc.)
- Ductless Mini-Split System AC units
- Vertical Variable Capacity Pkgd unit
- Fresh Aire PTAC

- Kitchen Hoods
- Stainless steel welded ductwork
- Make up air units up to 100,000 cfm
- Industrial/Warehouse make up air units
- Exhaust fans, HVLS fans
- Dedicated outdoor air units (DOAS)

- Custom AHU & packaged DX Units
- Penthouse Units
- Air, Evaporative, and Water Cooled
- Energy Recovery Units
- Pool/Desiccant/Ice Rink Dehumidification

- Gasketed & Brazed Plate Heat Exchangers - AHRI certified
- Dry Coolers
- Adiabatic coolers

- Packaged Rooftop Units from 3-25 tons
- Split Systems from 3-20 tons
- Duct Furnaces 75,000-300,000 Btuh
- Air Handlers
- Replacement units to match other manufacturers' existing curbs

- Standard Heat Pump & Heat Recovery VRF Outdoor Units from 6-42 Tons
- Low Ambient VRF Outdoor Units from 6-30 Tons
- Ductless and Ducted Indoor units in various configurations
- Mini VRF systems up to 5 tons

- Advanced UV-C light germicidal disinfection (no ozone produced)
- Improved health & human wellness
- Increased energy efficiency
- HVAC maintenance reduction

- Critical cooling applications
- Air/water cooled Turbocor/Screw/Scroll chillers
- Free cooling waterside economizer
- Water/Air source heat pump chillers
- Medical chillers: MRI/LINAC
- Low temp to -25F

- Manufacturing of chilled water coils, hot water coils
- Steam Coils, DX coils, condenser coils
- Quick ship program for emergency coil replacements

- Water Filtration Systems/Separators
- Custom pump packages/skids
- Custom control panels (ETL listed)

- Semi-Custom Packaged DX Rooftop Units
- 100% OA and Energy Recovery
- Gas Heat, HW, ASHP
- Chilled water available
- Exhaust fans & Direct fired H&V units

- Custom air handling units & packaged DX
- All aluminum construction
- Multizone replacement
- Air and Evaporative cooled
- Scroll & Screw compressors available
- Triple Deck multizone

- Exhaust & Supply Fans (Bathroom, Kitchen, Industrial, Ventilation, Pressurization)
- Energy Recovery Units (Residential & Commercial)
- Duct Dampers with Smoke Detectors
- Differential Pressure Controls

- Complete Line of Infrared Heating Products
- 35-40% fuel savings
- Industry leader ten sided reflector
- Premier Vacuum System Infrared Heaters from 20-250 MBH
- NJ Rebates available
